# KEY PREMIUM FEATURES

## Battery Operated

Designed for simplicity, the Crawl Bot operates on batteries, making it easy to use and maintain.

## Simple Operation

With its user-friendly design, the Crawl Bot ensures that anyone can operate it effortlessly.

## Efficient Cleaning

Durable and energy-efficient, saving you money on energy bills while being eco-conscious.

## Autonomous Route Planning

Smartly scans and adjusts the cleaning path for time-efficient pool coverage.

## Large Filter Capacity

Extended cleaning with fewer interruptions, thanks to a spacious debris container.

## Ultra-Light and Easy Maintenance

Effortless to use and maintain, designed for every pool owner.

## Smart App Integration

Control your heat pump remotely with the convenience of a mobile app.

## 180-Micron Filter

Our 180-micron filter captures even the finest particles, ensuring your pool water remains crystal clear.

## High-Speed Front Scrubber

Designed for ease of use, the Power Bot simplifies pool maintenance.

## PRECISION CLEANING

The Pro Bot offers precision and reliability, ensuring your pool remains in top condition.

## 180-MICRON FILTER

Our 180-micron filter ensures even the finest particles are captured, leaving your pool water crystal clear.

## ADVANCED SUCTION POWER

Designed with a powerful suction mechanism effectively removing debris, dirt, and fine particles.

# Effortless Control. Full Coverage. Powerful Cordless Suction.

## Smart and Efficient Cleaning

The Nanook Pro revolutionizes pool maintenance with integrated suction, sweeping, and scrubbing. Easily control and customize your cleaning experience using our app, which features intelligent gyroscope path planning. Select from various cleaning modes like star path, cross path, or wall-climbing to ensure thorough cleaning of your pool.

## Comprehensive Coverage

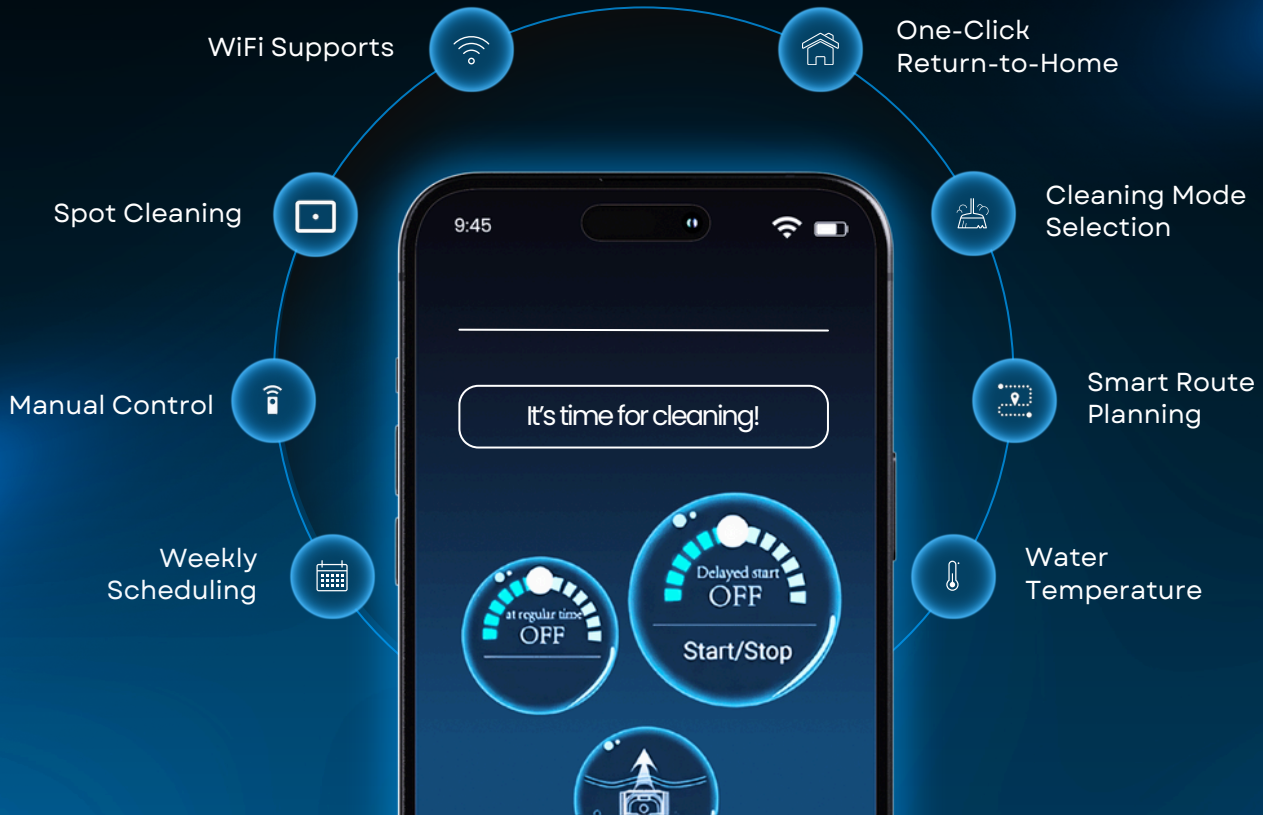

The Nanook Pro effectively cleans every area of your pool, including the floor, walls, steps, and waterline. Its advanced navigation system ensures no spot is missed, leaving your pool spotlessly clean with just a single click.

## Cordless Power and Strong Suction

Enjoy the convenience of a cordless design paired with powerful suction. The Nanook Pro, equipped with a three-axis brushless motor, delivers 2650 GPH suction, effortlessly picking up all types of debris. Its exceptional traction and power ensure smooth operation on any pool surface.

# SMART APP INTEGRATION

Device conquering each corner of the pool.  
Palm presetting cleaning modes.
